PROJECT DISCUSSIONS

ONLINE COURSE REGISTRATION

- The evolution of education system has seen major changes in the past few decades.

- Majorly because of evolution of technology

- Online courses helped in getting over the liabilities due to place(distance) and time(time-zones).

IMPACT

- The major impact has been on under-graduation and graduation students.

- The biggest drawback is it it not available in abundances for all programs(streams).

DRAW BACKS

- Lack of accreditation and low quality.

- Little or no face-to-face interaction.

- Requirement for self-direction.
